

**CONNECTICUT ELECTRICITY SUPPLIER
SMALL COMMERCIAL CONTRACT SUMMARY**
[Plan Name]

Electricity Supplier Information:	GDF SUEZ Retail Energy Solutions, LLC d/b/a "Think Energy" PO Box 25225, Lehigh Valley, PA 18002 Website: www.mythinkenergy.com PURA Docket No. 11-10-14 Toll-free Telephone Number: (866)252-0078 Facsimile Number: (800)627-8813 Email Address: customercare@mythinkenergy.com
Price Structure:	Fixed Rate Time of Use Product – You will pay a fixed rate of [Rate] ON-PEAK and [Rate] OFF-PEAK per kWh for electricity supply. Applicable state and local sales taxes, delivery charges and other utility charges are not included in the contract price.
Fixed Rate Term/Length:	Think Energy will begin supplying your electricity on the date of your first meter read following your confirmed enrollment with us, which is set by your Local Utility Company, and will continue for [Term] monthly billing cycles.
Cancellation/Early Termination Fees:	Cancellation Fee is equal to \$50 for each month remaining in the fixed-rate term. Cancellation Fee does not apply if your business closes or you move to another location.
Renewal Terms:	At the end of the fixed-rate term, if you do not renew with another Think Energy product, switch to another electricity supplier, or switch your service to default service with your Local Utility Company, your service will continue on a month-to-month basis with Think Energy based on monthly billing cycles (referred to as "rollover service") with no change to the terms of service, except the Price will be a monthly variable rate set by Think Energy that reflects the market rate of electricity supply plus Think Energy costs and margin. When receiving rollover service, you may switch your service at any time with no cancellation fee. We will notify you of your renewal options between 30 days and 60 days prior to the end of the fixed-rate term.
Local Utility Company Information:	United Illuminating Company (800) 722-5584 Eversource (800) 286-2000 Your Local Utility Company is responsible for billing Distribution Charges. In the event of an emergency, such as a power failure or a downed power line, you should call your Local Utility Company. You have the right to receive basic default service from your Local Utility Company instead of an electricity supplier.
Right to Cancel:	You have the right to cancel this service agreement until midnight of the third business day after the date of this agreement. To cancel this service agreement, you can by contacting Customer Care in writing, by telephone, or email.

SMALL COMMERCIAL – FIXED RATE
CONNECTICUT TERMS OF SERVICE

Your fixed-rate price and fixed-rate term can be found on your Contract Summary. This Terms of Service Agreement, together with your Contract Summary in writing, by telephone, or through the internet, constitutes your contract for service with Think Energy. Contact Customer Care to request a written copy of the contract documents sent to you by regular mail.

Purchase and Sale. Think Energy will sell and supply and you will purchase and receive all electricity necessary to meet your full requirements for your service location.

Term. Service will begin on the date of your first meter read following your confirmed enrollment with us by your local utility. Because this date is determined by your local utility, we are not able to commit to a specific start date for your service. If you are a current customer renewing with Think Energy, your new fixed-rate will take effect on the first meter read date following the date your new renewal is processed by Think Energy or at the end of your current fixed-rate term, whichever is later. Upon completion of the fixed-rate term, if you fail to take action, the term will continue on a month-to-month basis based on monthly meter read cycles (referred to as “rollover service”) with no change to these terms of service, except the Price will be a monthly variable rate described in the following paragraph. When receiving rollover service, you may cancel this agreement at any time with no cancellation fee. We will notify you of your renewal options between 30 days and 60 days prior to the end of the fixed-rate term.

Price. During the fixed-rate term you will pay the fixed-rate price per kWh of electricity consumed, which is inclusive of all electricity supply service including energy, ancillary services, installed (or unforced) capacity, congestion, losses, and other ISO charges or administrative fees incurred. If you are on rollover service, the price will be a monthly variable rate set by Think Energy that reflects the market rate of electricity supply plus Think Energy costs and margin. Taxes and Utility Related Charges are not included in the Price and will be passed through to you. “Utility Related Charges” means charges or surcharges by your local utility arising from or related to, including but not limited to, (i) transmission and distribution of energy (other than network integrated transmission service); (ii) stranded costs or transition costs and any other similar types of charges associated with the opening of your state’s electric market to competition; (iii) system reliability, rate recovery, future payback of under-collections, amortization of above market purchases or energy load repurchases, public purpose programs and all similar

items. “Taxes” means any and all taxes and fees imposed on the purchase and sale of electricity by any governmental authority.

Switching. If you switch your electricity supplier, your local utility may apply a switching fee. If you return to your local utility after switching to an electricity supplier, you may or may not be served under the same rates, terms and conditions that apply to other customers served by your local utility.

Billing and Payment; Consolidated Billing. You will be invoiced by your local utility showing the charges due for each preceding billing cycle, including the monthly charges for electricity consumption and any other related charges or fees, plus any Taxes and Utility Related Charges. Your local utility may in some cases use estimated data for billing purposes, but such estimates will be reconciled once the local utility receives final data regarding the actual quantity of electricity consumed for the applicable billing cycle. Payment is due according to your local utility’s billing due date. “Billing cycle” means the period between meter read dates. Your local utility and/or Think Energy may offer you budget billing plans.

Late Fees; Disconnection; Invoice Adjustments. Bills not paid in full by the due date will incur a late payment fee on unpaid balances in accordance with your local utility’s billing policies. Your service could also be disconnected in accordance with your local utility tariff. Any dispute with respect to an invoice is waived unless the other party is notified within twenty-four (24) months after the invoice is rendered or any specific adjustment to the invoice is made; provided, however, that in the event the local utility adjusts its meter reading for any reason, we may make a corresponding adjustment to the next invoice or issue a separate invoice to reconcile such adjustment.

Change in Law. If there is a change in law, ISO zonal boundaries, administrative regulation, or any fees or costs imposed by your ISO or by a governmental authority and such change causes Think Energy to incur any capital, operating or other costs relating to your electricity service, then such costs may be passed through to you.

Force Majeure. There may be certain events that are beyond the reasonable control of Think Energy that could not have been prevented by our exercise of due diligence such as acts of God, acts of any governmental authority, accidents, labor strikes, etc. If we are unable to carry out, in whole or part, our obligations under this agreement that may result in interruptions of service due to such an event, we will give you notice and provide full details of the event in writing as soon as practicable after the occurrence of the event. During this period, our obligations will be suspended to the extent required.

CANCELLATION BY THINK ENERGY; EARLY CANCELLATION FEE. Think Energy may cancel this agreement and switch your service to local utility default service upon ten (10) days prior written notice in the event of any of the following: (a) you

fail to make any payment required under this agreement; (b) any representation or warranty made by you in this agreement proves to have been false or misleading or ceases to remain true, or (c) you are deemed ineligible for consolidated billing, or you request dual billing from your local utility. If we cancel your agreement or you fail to utilize Think Energy as your sole supplier of electricity for your service location (by switching to another supplier or otherwise), then you will be responsible for the cancellation fee. This paragraph does not limit any right of setoff, combination of accounts, lien or other right which Think Energy may have or acquire (through operation of law, contract or otherwise).

Renewable Energy Plan. If you select a “Renewable” or “Green” Product Plan pursuant to this Agreement, you are agreeing to purchase from Think Energy a product supported 100% by renewable energy credits (RECs). Think Energy will purchase and retire RECs in an amount equal to your consumption during the fixed-rate term, and such RECs may be procured by sources allowed by applicable law. The electricity actually delivered to your service location will not come from a specific renewable electric generation facility.

Limitation of Liability. NEITHER PARTY IS LIABLE TO THE OTHER FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES IN TORT, CONTRACT, UNDER ANY INDEMNITY PROVISION OR OTHERWISE, AND SUCH DAMAGES AND REMEDIES ARE WAIVED.

Miscellaneous. Notices, correspondence, and address changes must be in writing and delivered by regular or electronic mail, or facsimile. Notice by facsimile, electronic mail or hand delivery is deemed to have been received on the date transmitted or delivered (after business hours deemed received on next business day). Each of you and Think Energy will defend the other party from claims, demands and causes of action, and indemnify against any losses, costs, judgments, and damages, asserted against the indemnitee by any person arising from or out of any event, circumstance, act or incident first occurring or existing during the period when control and title to electric energy is vested in such party. No waiver by you or Think Energy of any one or more defaults by the other party in the performance of any of the provisions of this agreement will be construed as a waiver of any other default or defaults whether of a like kind or different nature. Any provision or section of this agreement declared or rendered unlawful by a court of law or regulatory agency with applicable jurisdiction or deemed unlawful because of a statutory change, will not affect the lawful obligations under this agreement. All indemnity obligations will survive cancellation of this agreement. ALL MATTERS ARISING OUT OF, OR RELATING TO THIS AGREEMENT WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF CONNECTICUT, WITHOUT REGARD TO LAWS REQUIRING THE APPLICATION OF THE LAWS OF ANOTHER STATE. Except as specifically stated herein, Think Energy and its

CT.SC.110816

successors and assigns make NO WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE with regard to the services provided or the activities you undertake, pursuant to this agreement. We are solely a counterparty in all transactions with you under this or any other agreement and we have no duty to advise you or exercise judgment on your behalf as to the merits or suitability of any transactions that we propose to enter into with you.

Assignment. You may not assign this agreement or any of your rights or obligations under this agreement without the prior written consent of Think Energy. We may, without your consent (a) transfer or sell our receivables (along with corresponding rights of disconnection), accounts, or proceeds, (b) assign this Agreement to an affiliate of Think Energy or to any other person or entity succeeding to all or a substantial portion of our assets, and/or (c) assign this agreement to a certified electric supplier or affiliated entity. Any assignment in violation of this paragraph is void. After our assignment of this agreement, we will have no further obligations under this agreement.

Changes to Terms of Service. This agreement constitutes the entire agreement between you and Think Energy. No amendment, modification, waiver or change will be enforceable except as outlined in this paragraph. If we wish to make changes to this agreement, we will first send you a written notice at least 30 days in advance through a separate document or on your invoice. Notice is not required for any changes that benefit you. This written notice will be clearly labeled “Important Notice Regarding Changes to Your Terms of Service.” If you are satisfied with the changes, no action is necessary to continue to receive service. If you find the changes unacceptable, you may choose to switch to another supplier before the changes go into effect, without any charge or cancellation fee, however all outstanding balances will still be due. A new Terms of Service will be provided to you whenever a change is made and upon request at any time free of charge.

Dispute Resolution. Contact Think Energy Customer Care via mail, facsimile, email, or telephone at (866)252-0078 with any complaints or disputes. In the event of an unresolved dispute or complaint, or for general utility information, you may contact the You can contact the PURA with questions about licensed suppliers and Generation Rates or to file a complaint. PURA’s Consumer Services Unit - 800-382-4586. PURA’s Website - www.ct.gov/pura

Privacy and Information Release Authorization. You authorize Think Energy to obtain and review information regarding your credit history from credit reporting agencies and the following information from your local utility: consumption history, billing determinants, local utility account number, credit information, public assistance status, existence of medical emergencies,

status as to whether you have a medical emergency, are human needs, elderly, blind or disabled and data applicable to cold weather periods, and information pertaining to tax status and eligibility for economic development or other incentives. This information may be used by Think Energy in accordance with applicable law to determine whether we will commence and/or continue to provide electricity supply service to you and will not be disclosed to a third party unless required by law. Your acceptance of this agreement constitutes authorization for the release of this information to Think Energy. This authorization will remain in effect during the agreement Term. You may rescind this authorization at any time by providing written notice or by calling Customer Care, however such a rescission entitles Think Energy to cancel this contract. A copy of Think Energy's privacy policy can be found at www.mythinkenergy.com/privacy-policy.

Electric Generation Disclosure Label
P O Box 27004, Lehigh Valley, PA 18002-7004
1-888-923-3633
www.mythinkenergy.com

What is this label about?

It's about helping you compare the benefits of generation service offers of THINK ENERGY to those of other competitive electric suppliers and to CL&P or UI.

To our customers:

Electric generation service in Connecticut can be provided to you by licensed Suppliers, CL&P, or UI. This is a choice you can make. This THINK ENERGY disclosure label can be used to compare prices and other items (such as generation power sources and renewable sources) to those that other Suppliers, CL&P or UI may offer you.

Important considerations in making your comparisons and choice:

- Ask the Supplier, CL&P or UI if its offer is **all-inclusive** or **not all-inclusive**, so you can make the right comparison and choice. Suppliers, CL&P and UI in Connecticut are required to disclose this information to you in their labels.
- An **all-inclusive** offer includes all charges and fees related to the generation portion of your electric bill included in the price of the Generation Service Charge (GSC). A **Not all-inclusive** offer **does not**; thus, there are other charges and/or fees that you would be assessed in addition to the GSC.
- Check any contract or agreement you are considering from a Supplier for specifics on price, such as whether pricing is fixed or variable, the term/ length of contract, and any other charges, enrollment fees, deposits or requirements for which you are responsible.

Other questions you can ask a potential supplier:

1. Is the Supplier licensed by the CT DPUC?
2. Ask the Supplier to estimate your electric generation costs relative to CL&P's/ UI's and explain other possible benefits of switching your service. The average residential customer in CT uses 700 kWh per month. This would be a good comparison starting point. Some examples of the possible benefits are cost savings, budget certainty, risk management, product offerings and renewable energy.
3. How does the Supplier's all-inclusive price compare with the current CL&P or UI GSC charge?
4. Will the Supplier's price change when the CL&P or UI GSC price changes or is it fixed for the term of the contract/agreement?
5. If I switch to a Supplier, will my GSC charge still be on the CL&P/ UI bill or will I receive a separate bill from the supplier?
6. If a Supplier issues a separate bill to me, will there be a late payment fee and, if so, what is the annual percentage charge?
7. Does the Supplier offer a choice of energy sources, such as renewable energy?
8. What is the Supplier's contact information if I have questions? Contact information should include the Supplier's phone number, customer service hours, mailing address and contact name.

The term of your service can be found on Page 1 of your Agreement.

Your rate is all-inclusive: See Contract Price on Page 1 of your Purchase and Sale Agreement for rate per kWh.

Reminder: Your monthly electric bill also has a section for delivery service. This service is for the poles, wires, transformers and all of the other services to deliver electricity to your home or business. Delivery service charges do NOT include what you pay for your electric Generation Service in the GSC charge. You pay delivery service charges whether you buy your electricity from CL&P, UI or any other supplier.

Power Sources	New England Power Pool System Mix
Coal	3.37532%
Natural Gas	36.49369%
Oil (Diesel, Jet, Oil)	7.63726%

CT Qualified Renewable Sources	0.30148%
Other, Misc.	17.70%
Total	100.00%

System Mix source NEPOOL GIS Reports Q4 2016. Power sources reflect the system mix, with the CT Class I & Class II renewable sources itemized separately in the chart.

CT Renewable Portfolio Standards Think Energy Compliance				
	Class I	Class II	Class III	Total
Required 2015	12.5%	3.0%	4.0%	19.5%
Required 2016	14.0%	3.0%	4.0%	21.0%
Required 2017	15.5%	3.0%	4.0%	22.5%
Required 2018	17.0%	3.0%	4.0%	24.0%
Required 2019	19.5%	3.0%	4.0%	26.5%
Required 2020	20.0%	3.0%	4.0%	27.0%

About Power Sources

Your electricity is transmitted across the New England electric system, which receives electricity from power plants throughout the region to meet the requirements of all customers in New England. The "**New England Power Pool System Mix**" represents the percentage of power supply from each power source in the regional system. Suppliers are responsible for generating and/or purchasing electricity that is added to the electric system in an amount equal to your electricity use. To promote the development of renewable/clean sources, Connecticut, through legislation called the **Renewable Portfolio Standard (RPS)**, requires all Suppliers to acquire specific percentages of energy from renewable resources. CT RPS sources are defined as Class I, Class II and Class III. **Class I renewable** sources include solar power, fuel cells, methane gas from landfills, ocean thermal power, sustainable biomass, wave or tidal power, low emission advanced renewable energy conversion technologies, and certain run-of-river hydropower. **Class II renewable** sources include trash-to-energy, certain biomass facilities, and certain run-of-river hydropower facilities. Electricity generation from renewables has lower emissions and less of an impact on the environment than that produced from conventional fossil fuels. As an alternative to providing the RPS requirements a Supplier may pay an alternative compliance payment. **Class III** sources include CT commercial & industrial facilities using combined heat and power systems with at least 50% operating efficiency, a waste heat recovery system or electricity savings from energy efficiency measures.

Air Emissions from Power Sources

The air emissions listed below are produced when certain fuels are used to generate electricity.

Carbon Dioxide (CO₂) is released when coal, oil, natural gas, trash, methane and biomass are burned. Carbon dioxide, a greenhouse gas, is thought to be a major contributor to global warming.

Nitrogen Oxide (NO_x) is formed when fossil fuels, trash, methane and biomass are burned at high temperatures. They contribute to acid rain and ground-level ozone (or smog), and may contribute to respiratory illness. NO_x also accelerates vegetative growth in lakes and coastal waters which may lead to oxygen deprivation which is destructive to fish and other aquatic life.

Sulfur Dioxide (SO₂) is formed when fuels containing sulfur are burned, primarily coal, oil and trash. Health risks associated with SO₂ include asthma, respiratory illness and aggravation of existing cardiovascular disease. SO₂ combines with water and oxygen in the atmosphere to form acid rain, which raises the acid level of lakes and streams, is detrimental to crops and forests and accelerates the deterioration of buildings and monuments.

Additional Information:

This label provides information on the New England regional electric system power sources and the air emissions related to electricity generation. For additional information on Supplier prices, power sources and air emissions, visit the CT PURA's **Electric Supplier Info Database**, www.dpuc.state.ct.us/el_aggre.nsf

In the case of an emergency or power outage, please contact your utility. UI customers call: 1-800-7CALL UI (1-800-722-5584): and CL&P customers call 1-800-286-2000.

The Connecticut Public Utilities Regulatory Authority (PURA), Ten Franklin Square, New Britain, CT 06051
Toll-free 1-800-382-4586 www.ct.gov/dpuc

Suppliers are required to post their Disclosure Label(s), and updated versions as they occur, to the Electric Supplier Info Database on the PURA's website.
